With the early holiday shopping season on in full blast, one sees many visitors to the city mingling with the crowds on the street, in restaurants, hotels, stores and places of amusement.

If you stand on the corner, waiting for the traffic light to change you are liable to be accosted by some visitor to the city wanting to know the easiest way to get to the stock yards, to one of the big stores, hotels or some point of interest in the city.

And these folks are invariably tanned and sunburned with occasionally a big ten gallon hat of the western prairies in evidence as a marker as to where the wearer came from.

And the tan on their rugged features doesn't come from the sun lamp, nor yet from basking on the Florida sands.

It's the healthy tan of contact with the sun and wind of the open spaces.

For this week the farm and the farmers have moved into the city in large numbers.

In one of the big down town hotels the National Vegetable Growers Association is in session and as a part of their convention, is presenting the products from the vegetable farms of America.

In a huge room where women in evening dress are wont to dance with their escorts in "soup and fish," huge pumpkins, gigantic squash, mammoth potatoes and vegetables of every other variety are being rolled out upon the floor, preparatory to being placed on the exhibition shelves.

In place of the sparkling jewels of the ladies at some high social event, are the sparkling exhibits of canned fruits and vegetables, their clear sparkle giving off a sheen equal to that from costly jewels.

From all parts of the country have come the vegetable growers of the nation to discuss their mutual problems of marketing, growing of crops, fertilization, cultivation, etc.

And with this has come an exhibit of some of the finest products from the vegetable patches of the country.

And down at the stock yards where the greatest of all international stock shows is in progress, the farm has taken over another section of the city.

With the twenty acres of exhibition space filled to overflowing with the finest farm animal exhibits in history, with grain exhibits that are a wonder to behold and with a horse show that has brought together the best show horses in the country, the farmers of America are showing to their city cousins something well worth seeing.

And if down town the folks from the country walk a little awed and a little hesitant out here at "the yards" it's the city folks who wander around in open eyed and open mouthed wonder at the fine exhibits from the farms.

So this is a great week in Chicago with the National Vegetable Growers convention, the Livestock show, the 4-H club convention and many lesser farmers meetings taking place in the heart of the nation's second largest city.

And playing a prominent part in the invasion of the city by the farmer are the youngsters of the nation with the wonderful 4-H club exhibits which show that these youthful farmers are ready to take their place in farm population of the country.

And after mingling with these invaders from the farm, who are no different except in environment from the business men of the city, one feels that here in America is a balanced population of intelligent citizens which makes America distinctly different from any other nation with a poise and a balance that stands as a bulwark for the future safety of this country.

Twp. Files Suit Against Grandt Bondsmen

The Town of Wheeling filed suit in Circuit court Friday against Henry Grandt, Sr., and Albert Neumann, bondsmen for the late Supervisor Charles Grandt, for \$6,000. The complaint relates that Charles Grandt was supervisor from 1933 to April this year. In April he is alleged to have abandoned his office and on April 29, he was removed from office. He died May 7.

It is alleged that he failed to account for \$726.90 of town funds and also overpaid himself \$1184.63, making a total of \$1,911.53 due the town. Demand has been made on the bondsmen to pay this sum, but they have failed to do so.

Mr. and Mrs. A. M. Bunn were surprised Saturday evening by a group of friends who came in honor of their 47th wedding anniversary that occurred Monday.

Cage Game Benefit To Provide Xmas Baskets

Merle Guild Post American Legion has assumed the responsibility of providing all needy families in Arlington Heights with Christmas baskets. Funds for the baskets will be obtained from a double header basketball game to be held at the new high school gymnasium Monday evening, December 11.

There will be no expenses and the entire receipts will go to the basket fund. The high school board will collect no rent; the officials will serve without charge and the Herald office is glad to contribute the necessary printing and advertising matter.

Teams competing are—Smith-Dawson vs. Edison Park and Karstens Morticians vs. St. Gregory Girls. Junior Drum and Bugle Corps will appear on the floor between the two games.

Admission will be 35c for adults and 15c for school pupils and others of similar age. Tickets have been mailed to all American Legion members and are also on sale at the following business places: Sieberg's drug store, Heidorn's Sweet Shop, Sterling Oil Co., Burns Service Station, Neuman's Barber Shop, all in Arlington Heights and Winkelman's Service Station, Mt. Prospect.

Both the boys and girls teams have been working hard to be in the best possible shape for the evening's contest. They will meet their old rivals from Bensenville Sunday afternoon at the Bensenville High, game time 3 o'clock. With this game under their belt they will be in fine fettle for the Monday evening game.

The following week, on Monday evening, December 18th, the girls meet Newwood and the men will battle with the World Cham-

union New York Rens, the great colored team that thrilled local fans with their wild play last year.

Chas. G. Page is chairman of the Christmas Basket Fund committee, who this week, announced this year's Christmas basket fund with the following appeal to members of the local Legion post:

"Dear Comrade—Merry Christmas to you and your family. We know that you and yours will enjoy all the happiness of the Yuletide season—but there are a number of needy families in our community that will probably miss the joys of Christmas.

"As you know, Merle Guild Post, The American Legion, has in the past distributed Christmas baskets to the needy of Arlington Heights. To provide funds for this work we are sponsoring a basketball night; with two games scheduled.

"The entire profits will be used for purchasing Christmas baskets. All four teams are evenly matched and two fine games will be played. We are enclosing two adult tickets and two children's tickets. We feel it is not asking too much of each Legionnaire to dispose of all four tickets either by attending the game with your family or by selling them to friends.

"This is such a worthy cause that we know you will give us your fullest support. Please make all money and ticket returns to Paul Carroll."

St. John's Young People To Stage 'Hot Copy' Friday

The Young People's League of St. John Evangelical church of Arlington Heights, will present the play, "Hot Copy" this Friday in the Presbyterian hall at 8:00 p. m. "Hot Copy" is one of Clark Willard's successful royalty plays. It is a newspaper comedy in three acts, and has as its setting the editorial room of a daily newspaper.

Kenneth Wade, young owner of The Evening Herald, deeply in debt, incurs the animosity of an unscrupulous politician, who is determined to make the Herald owner "Play Ball," or "walk him out of town."

From then on Kenneth Wade has to literally fight for his financial life due to a big drop in the local advertising. But Jane Corwin, from a big city newspaper, steps into the scene, and with the help of a young wise-cracking reporter who writes "hot copy" and Sylvia Dale, just out of high school, "doing society and want ads" put on a valiant fight to save the newspaper from bankruptcy. In the end a mysterious "publicity hound" saves the day.

The Young People's League of St. John Evangelical church have been working hard to make this play one of the big events in the league's activities for the year. The play contains a bushel of laughs and a real "insight" as to what takes place behind the scenes in a daily newspaper office. Additional entertainment will be provided between the acts. The ample facilities of the Presbyterian hall make it possible to seat a large audience.

St. John's young people extends a cordial invitation to the public to come and enjoy this comedy performance which also has its serious moments.

What Christmas Seals Did In Arlington Hts. —In 1939

1. Christmas Seals provided a well-equipped Health Center and the services of Mrs. Adele Pino, R.N.
2. Christmas Seals made possible physical inspections of 1,001 school children.
3. Christmas Seals, with the aid of local physicians, co-operated in the Schick testing program schedule for the month of October, 1939.
4. Christmas Seals, with the aid of dental dentists, made possible a dental survey conducted for elementary schools in September, and also provided 13 dental clinics and 10 infant clinics.
5. Christmas Seals made possible 759 home and instructive visits by the Health Center nurse.
6. Christmas Seals made possible the distribution of 2,500 pieces of health literature in the interest of better community health.

Christmas Seals protect you and your family from tuberculosis each month of the year.

Health Center hours—8:30 to 9 a. m., 4:00 to 4:30 p. m. daily. Baby clinic—second Tuesday every month.

Find System of Dams Obstructs Flow In Weller Creek Outlet

Following a gentleman's agreement between Weller Creek and the sewer and drainage department of the village of Arlington Heights, the latter recently received authority to remove obstructions—if any—in the creek outlet of the Arlington sanitary system, between Center and Elmhurst rds, Weller Creek will assume responsibility for the creek east of Elmhurst rd.

Sewer department employees found plenty of obstruction, including one duck pond and four man-made dams. One of the dams was constructed of cement blocks. Attorney Thal was directed to ask the commissioner of Weller Creek Drainage to serve notice on property owners that the creek must be kept free of obstructions.

Baby Clinic Next Tuesday

To see how well baby really is, mothers who have no family doctors may bring their children to the clinic of the Arlington Heights health committee next Tuesday from 1:00 to 3:00 p. m. The clinic will be held at the health center in the village hall.

Many times the doctor finds unnoticed defects that can easily be corrected in these small youngsters, but that if untreated might later cause serious trouble.

The baby clinic is one of the committee's public health activities that is supported partially by the sale of Christmas Seals.

Reverend Noack Retires; 57 Years In Christian Ministry

An active ministry of 57 years will come to a close December 30, with the retirement of Rev. C. M. Noack as pastor of St. Peter Lutheran Church of Arlington Heights.

Conscious of the frailties of advancing age he asked his congregation, which he served for forty years, to release him from active duties. His request was granted in the October meeting of the vestry assembly and his retirement will be in effect at the close of the year. The membership, however, voted to continue its old pastor as an assistant to Rev. Fricke, to whom the German work was assigned.

Pastor Noack has had a full and rich ministry, full in satisfying service and rich in experience and accomplishments. Born January 6, 1882, in Germany, his parents brought him to the United States in infancy. He spent his boyhood in the city of St. Louis, which was then a bustling and growing river town. After his confirmation in old Trinity Church he attended preparatory school at Ft. Wayne, Ind., and his theological education was received at Concordia Seminary of St. Louis. In 1892 he was ordained as a Lutheran pastor.

His active ministry was begun in Dolton, Riverdale and Lansing, then tiny country villages south of Chicago. That was a period of heavy German immigration and many German Lutherans had settled in that area. The energetic young pastor at once undertook the task of gathering these immigrants into congregations. The beginning of many large parishes in this section was due to his untiring missionary efforts. Rev. Noack organized religious work in Roseland, Kensington, Pullman, Hegewisch and Hammond, Indiana.

Members of St. Peter are in accord in their sentiments that their senior pastor has earned a period of rest and relaxation. The Herald joins in these sentiments and wishes one of their oldest readers and contributors many years of continued health and happiness.

24 Hour Police Protection Hereafter

Arlington Dads Talk Frank About Police Department

Arlington Heights police department ought to be able to operate with greater efficiency after Monday night's meeting of the city council. There were a lot of things relative to that department of the village that was hauled out of the dark corners, exposed to the light and there is now a clearer understanding relative to police matters between the members of the city council. Now, if the members of the police department give their cooperation, harmony can prevail.

Alderman Schneberger during the discussion made it plain that he would favor the discharge of any officer who may stand in the way of efficiency and harmony. He even went a step further and offered to resign if in the opinion of the board members such resignation as chairman of the police department would be beneficial to the department.

The discussion was brought about by the statement of Alderman Studtmann that before he would discuss the establishment of a radio station, he would insist on 24 hour police protection. (Previously there has only been 23 hours).

The council members thereon spent a half hour in a discussion of night and day duty on part of officers and the hours they should work. Alderman Studtmann presented a staggering work schedule, in which the hours for individual men would not remain the same each day and would provide day time duty for officer Melbourne.

Alderman Goedeke presented a schedule in which every officer would work ten hours and individual hours would be same each day of current week. Mr. Goedeke pointed out that the adoption of his schedule would permit different officers to change "working tricks" with each other thereby providing alternate day and night work, if in the estimation of the police committee such method would be to the best interest of the officers and city.

Following a lengthy discussion, during which there was an open forum concerning police matters, the board voted unanimously to adopt the Goedeke plan, the same to go into effect the following morning.

During the ensuing discussion it was consensus of opinion that no officer now on the police force is bigger than the police elected by the people to direct municipal affairs. As long as Alderman Schneberger is chairman of that committee, all officers having complaints must take them direct to him and not to other board members.

With a clear understanding between the board members relative to police administration, Alderman Schneberger asked that the board members either approve or disapprove a municipal police radio station. Various board members stated they were not ready to vote intelligently on the question but agreed to take definite action at the next meeting of the board.

The session of the board was delayed nearly an hour Monday evening due to an informal discussion of the proposed radio station.

Freight Depot Turned Over To Northwestern

Lions Club Aids Business Group with Gift of \$250

Arlington Heights business men can now point to another job well done. The freight depot is completed and ready for the Chicago & Northwestern to officially take it over.

There still remained a deficit of over \$1,000 Tuesday morning, on the construction costs, but that evening the Arlington Heights Lions Club members approved a gift of \$250 toward the depot fund, which cut the debt down to \$800. The directors of the Trade and Civic Association are not worrying about that eight hundred, even if they are individually responsible for the bank loan that paid the bills.

There is a lot of credit due to a lot of people who aided the cause by contributions and the following report of the committee recognizes such cooperation.

The board of directors of the Arlington Heights Trade and Civic Association, at their last meeting, voted to extend their heartfelt thanks to the following men or firms for their donations in the building of the freight house.

Herman Sukkel, taking down the old building for the lumber, not used in the new freight house.

Axel Johnson, donation of mixer and 10 workmen in laying the footings.

Claude Butler, mason contractor who superintended the laying of all Haydite blocks, furnished all tools, lumber, machinery and six men for four or five days.

Smith-Dawson, donated the services of five masons for several days in the laying of building units.

Geo. W. Meyer, deducted \$25.00 from his carpenter labor price.

Arlington Park Jockey Club, use of tractor to level off cinder fill.

Village of Arlington Heights, use of grader and tractor in leveling drive.

W. F. Meyer, Jr., Walter Krause and Geo. Schneberger, who paid several laborers wages.

Tibbitts & Cameron, who unloaded two cars of cinders gratis and furnished lumber at cost.

Heller Lumber Co., who unloaded two cars of cinders and furnished lumber at cost.

Arlington Elevator & Coal Co., who unloaded four cars of cinders and all mason and cement material at cost.

Arlington Concrete Products, for Haydite blocks at cost prices.

Weber Paint store for glass and paint at cost.

Reese Hardware, hardware at cost.

Mr. Berlin and Jack Wiese, repainting of exterior at cost.

Dreyer Electric Co., wiring at cost.

The freight house is now being used and is virtually complete except for a stucco coat. The cost has been about \$2,000, and no contributions for stucco have been offered as yet. More money has been spent than anticipated, due to the fact that very little lumber was usable from the old freight depot.

A few cash donations have been received and an appeal will be made for donations soon to cover an \$800 deficit.

Geo. Schneberger and Hugo Thal, who had charge of the arrangements with the C. & N. W. and did the missionary work for donations of labor, have received work from the C. & N. W., that the south switch track from Vail to Dunton will be removed soon and this extra space has been set aside for parking.

An attractive fence or concrete wall will then be built and marked for parking—certainly a boon to the commuters of Arlington Heights.

Plans for remodeling the passenger depot will remain on the shelf, until such time when the public itself is ready to contribute the money to make this needed improvement. Certainly, the Trade & Civic Association undertook and completed a fine improvement in removing the old freight house, and cannot at this time underwrite and obligate their board of directors collectively and individually for the improved passenger station, as they did for the new freight house.

If the passenger depot is to be improved, the movement to do it must come from the public itself and the money to be spent must be subscribed before the work is started.

The Trade & Civic Association will more than do its share when the time comes, but cannot at this time carry so big a load.

Again—many thanks to those who helped so generously in the building of the new freight depot.

Very sincerely
Trade & Civic Association.

Novelty Feature At Arlington Ballroom

"Ye Old Time Movie Night" is the title of the newest attraction to be held at the Arlington Ballroom this Sunday, but that is as much as Mr. Shayne, proprietor, will reveal. The side attraction is featured with Earl Friedrichs orchestra. Both promise to make it an eventful night at the ballroom.

New High School Dedication Will Be Held Sunday

Nearly \$200,000 Spent On Changes In Arlington School Plant

Arlington Heights new high school will be dedicated Sunday afternoon by Noble J. Puffer, county superintendent of schools. Congratulations to the district will be expressed by D. R. Kennicott, regional director of the Public Works Administration. Mr. Theo. Militzer who was president many years of the high school district, will give a short talk. Clarence L. Davis, president of the board of education, will preside.

This event will be the first public gathering to be held in the new gymnasium, which when used as an auditorium, will seat 1500 persons. To obtain proper acoustic properties in this room, haydite block was used around the four sides of the gymnasium, while a product known as absorbex is used for the ceiling. With the aid of these properties no public address system will be necessary and the usual voice spoken from the stage will be heard in the farthest corner of the large room.

The size and facilities of the school plant can be best expressed by a list of the number of rooms and the purposes for which they are designed. They are:

- 12 Standard classrooms.
- 4 Shops and drawing rooms.
- 2 Food and clothing rooms.
- 4 Science and lecture rooms.
- 1 Typing room.
- 2 Study halls.
- 1 Radio room.
- 3 Girls' toilet rooms.
- 3 Boys' toilet rooms.
- 1 Cafeteria and kitchen.
- 1 Gym-auditorium.
- 1 School board room.
- 1 Library.
- 2 Offices.
- 1 Music and public speaking.
- 1 School paper room.
- 1 First aid and nurses' room.
- 3 Teachers' rest rooms.

The gymnasium is not the only show place of the new school. The large cafeteria with its finely equipped kitchen and smaller banquet hall are features that put a finishing touch on the new building.

The total cost of the present improvement is \$190,000. The contribution of the district was \$95,000 in bonds and \$9,600.00 in cash. United States Government gave a PWA grant of \$85,500.

A breakdown of the cost of the various units of the new building reveals that the PWA grant has met an outright gift of the gymnasium, costing \$82,000; the heating plant, costing \$6,000 and remodeling of old building, \$10,597. The new section cost \$125,000 and \$20,000 of that amount was also a gift from the government.

The latest valuation placed on the building is \$312,500. Outstanding bonds, some of which were issued when other additions were made, total \$214,900. There are no outstanding tax warrants or other indebtedness.

All corridors in the building are wide and there is no reason for traffic jams. Banks of lockers are recessed in the walls of the hallways providing closet space for six hundred students. All rooms have asphaltic tile floors.

Standard class rooms are on the right of the upper and lower floors of the new section, while study halls are on the left. The juniors and seniors occupy the second floor and the lower classes the first floor.

Adolph Jonson of the contracting firm was general building superintendent. In mentioning those who had an important part in the construction of the building, Arthur Raff, the mason foreman, wins an honorable mention. He is an artist in his trade and his knowledge of his job often provided the solution of many a building problem.

School Superintendent A. M. Conger was the official owners' representative in the handling of relationships with the PWA set up. Walter Kroeber represented the school board as general inspector.

Regional engineers representing the government were Mr. Thompson, Ralph Mueller and J. P. Halama. The project was known as No. Illinois 2090F.

The men directly responsible to the taxpayers of the high school district for the successful completion of the building are the members of the board of education and it is to them that the general public will give all credit for the completed educational plant that rivals any other in high school building in communities the size of the Arlington district in Cook county. Not only has the school board secured a great building at a minimum of cost to the taxpayers, but it is operating the school at a cost of only \$115 a pupil, the lowest rate in Cook county.

The members of that school board are: C. I. Davis, president; A. C. Haake, secretary; Ralph Gould, E. F. Laurin, W. C. Hanauer, Otto Busse and Wm. F. Meyer, Jr.; John T. Sayers, retired from the board last spring and had an active part in the early building plans.

Christmas Spirit Enters Heights Business District

Geo. K. Volz Resigns As Fire Chief

Village Sells \$2,000 More Warrants; No More Borrowing

George K. Volz, who has been Arlington Heights fire chief 35 years and a member of the local fire department forty years, presented his resignation to the Arlington Heights board Monday evening, the resignation to take effect Dec. 18, the anniversary date of his election as a member of the department.

The board regrettably accepted the resignation and passed a special resolution setting forth the services that Mr. Volz had given to the community.

Arlington Heights, as well as Uncle Sam, has a debt limitation. For Uncle Sam it is \$45 billion, for Arlington Heights it is \$15,000, according to a previously passed resolution authorizing sale of 1939 tax anticipation warrants. The finance committee of Arlington is worrying more about its debt limitation than is President Roosevelt.

Alderman Krause reported to the board Monday night that \$5,500 was needed to repay overdraft existing on the books of the treasurer by payment of salaries and to pay existing unpaid bills. Due to limitation of sale of current tax warrants the finance committee will only be allowed to sell \$2,000 in warrants.

The expected water receipts for the fourth quarter and purchase of vehicle tags are expected to ease the situation.

The board of appeals denied permit to erect a two flat building on North Ridge because only one exit was provided for the second flat and the plans called for a flat roof which would mean a building that would not be in keeping with the architectural plan of the present one family dwellings. Board of appeals went on record as not being opposed, under certain conditions, to two flat construction.

The council accepted an invitation from the board of education of Arlington Heights high school district to attend the dedication of the new school building Sunday afternoon.

The board does not relish spending the money but with a certainty that winter is on the way with its icy streets, authorized the purchase of 25 bags of chlorine.

Members of the council can hardly believe it is true, but Paul Taege, its building commissioner, is the one employee of the village who is willing to work without pay. At least he just does not present a bill for his services. Alderman Krause stated Monday night that he was not going to ask Taege for his bill any more. At the end of the fiscal year the board will probably give the building commissioner a vote of thanks for his magnanimity. Building permits for November include five houses, garages and alterations totaling \$69,500.

Bills and payroll totaling \$1,820.80 were approved for payment.

Members of the board will meet Tuesday evening to look over ordinances that have been found by the WPA project that is searching the music records of the municipality since its incorporation.

Attorneys are instructed to prepare ordinance forcing operators of motor vehicles to display vehicle tag on windshield.

Ladies' Night Xmas Party At Men's Club

A high-light in the activities of the Presbyterian Men's club this year will be Friday, December 15, at 8:30. The officers of this active organization have set aside the date for the entertainment of the ladies at a Christmas party to be held in the church gymnasium.

Mr. George Trosten of Chicago, an outstanding master of ceremonies, entertainer, and magician will be the main attraction of the evening. Special music will be furnished by high school music students and it is rumored that Santa Claus may be there with gifts for the ladies. A luncheon will be served later in the evening. The admission will be 60c a couple.

Home Talent Stars Will Appear Before Wilson And Arlington P.-T. A.

Wilson P.-T.A. will hold its December meeting in the Auditorium of the North school in Arlington Heights, at 8 p. m. this Friday. The Arlington Heights P.-T.A. will be guests of the Wilson P.-T.A. The home talent stars will be, Les Griffith as master of ceremonies; Miles Burpee, program manager, impersonating Uncle Ezra; Norman Beese impersonating Pat Butrum; Western Instrumentalists; vocal numbers will be given by Billy Wiseman and Joe Bauer. Western Instrumentalists will provide musical numbers.

Christmas is on the way in Arlington Heights. If you doubt it, glance at the windows of the local stores who have outdone all previous efforts in the attractiveness of their displays.

Directors of the Trade and Civic association met Tuesday evening and gave orders for the street decorations, similar to a year ago. They will be in place and lighted early next week.

Arlington Theatre is conferring with local business firms concerning the usual free shows three days prior to Christmas. Admission tickets will be given away to customers of the individual store.

The business organization endorsed the plan of Christmas gifts for the needy of Arlington Heights as sponsored by the Mothers Club of Arlington Heights M. E. church. Their efforts will be non-denominational.

As announced in another column, the American Legion is providing a double header basketball game next Monday evening, the entire receipts to be used for Christmas baskets in Arlington Heights.

So folks, I guess everything is all set for a Merry Christmas for Arlington Heights. As soon as you make your contribution to either or both of these two funds and have purchased your quota of Christmas seals, you can finish that shopping for the members of your family.

Cardinals Face Woodstock In New Gymnasium

Friday's Encounter To Be Christening For New Building

This Friday night Arlington high school's Cardinals and Green Tornadoes face what may be the turning point in their basketball season. While neither team is quite far enough advanced as yet, to be able to feel near mid-season form, they have had enough work to be able to well determine something of their capacities for the season.

A veteran Woodstock quintet will furnish the opposition for Arlington. This will mark the first time in many, many years that Arlington has met Woodstock in varsity competition in basketball.

For the past several years, exclusive of last season, Woodstock has been near tops in their district and have vied mainly with Crystal Lake for court honors. They had an off season, for them, last year, but were coming along rapidly near the end of their schedule.

Coach Larry Dale brings with him an average sized team headed by Kreier, a six foot or better center, who is the backbone of their team. This big lad is good. He is a fine ball handler, an excellent shot. Coupled with him is a tall lanky boy, Seagriff, of vital importance to his squad. Dabler, a bantam sized forward, sparks his team on offense. He is of the type that is always on the go and is a fine shot from mostly any place on the court. Pokershing at forward and Joerfetz at guard, complete their usual starting five.

The Arlington squad of fourteen boys are still undergoing the process of sorting. A few more practices will pretty well determine the personnel that will see most of the action this season. One thing is certain. The boys are showing a lot of basketball and have plenty of pep and date. If they can keep this up and gradually improve their teamwork and stamina they can well expect a better than average season.

The squad is composed of Ed. Mueller, Ed. Schulenberg, Bill Hull and Fred Kehe, veterans from last year's squad. Added to them are Thoman, Koelling, Koenig, Peters, Bubitz, Henken, Heller, Folkman, Busse and Art Miller, reserves from the heavies, and from the lightweight squad of last year. There is plenty of speed and plenty of height in this gang. Also plenty of boys who can hit when "right."

Since this game will be the first contest in their new gym the boys are determined to put this game on the win side of the ledger. For the same reason a near capacity crowd is expected to be on hand. The lightweight game is scheduled for the usual 7:30 with the heavies taking the floor around 9:00 or a little before.

CHRISTIAN SCIENCE CHURCHES
"God the Only Cause and Creator" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 3.
The Golden Text was, "Let all the earth fear the Lord: let all the inhabitants of the world stand in awe of him. For he spake, and it was done; he commanded, and it stood fast" (Psalms 33:8, 9).
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Praise ye the Lord. Praise ye the Lord from the heavens: praise him in the heights. Praise ye him, all his angels; praise ye him, all his hosts. Praise ye him, sun and moon; praise him, all ye stars of light. Praise him, ye heavens of heavens, and ye waters that be above the heavens. Let them praise the name of the Lord: for he commanded, and they were created" (Psalms 148:1-5).
The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "To grasp the reality and order of being in its Science, you must begin by reckoning God as the divine Principle of all that really is. Spirit, Life, Truth, Love, combine as one, and are the Scriptural names for God. All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God" (p. 275).

Candle Light Ceremony Inspires Reader To Urge Like Xmas Services

The candle light service at the local Presbyterian church last Sunday evening was attended by an appreciative audience which all but filled the church auditorium. "Peaceful and Holy the Night" and "Now the Day is Over" were rendered by the church chorus in a manner which reflected much credit on that organization and its able director, Mr. A. Emanuel Johnson. The crowning event of the evening, however, was the solo, "The Holy City," sung in a lovely mezzo-soprano by Helen Brazleton of Arlington Heights.

It is to be hoped that the interest shown in last Sunday evening's services will encourage the local churches to arrange similar services for Sunday evenings during the winter months at least. As true emissaries of Christ, the churches cannot afford to do otherwise. Shall the House of God be empty, closed and dark on the evening of the only Saviour of mankind? Why not then, make common cause of saving the lost, not only in theory, but also in spirit in a manner which is more worthy of the true Spirit of Christ. This should not and must not be decided by the narrowness of denomination. Let the churches of our city lay aside the man-made differences of their doctrines and work together in union services on Sunday evenings during the winter. By failing to do this the churches can only be heavy losers in grounds of spirituality which will be difficult to regain later, if ever. "Rescue the perishing, care for the dying. Snatch them in pity from sin and the grave." —Contributed.

Lena Jahnke

Mrs. Lena Jahnke nee Hinz, beloved wife of the late Frank Jahnke and dear mother of Laura, Elsie and Luella, passed away suddenly Sunday evening, Dec. 3, at the Des Plaines hospital at the age of 63 years, 2 months and 1 day.

Mrs. Jahnke was born October 2, 1876, in Mecklenburg Schwerin, Germany, and came to the United States with her parents at the age of 7 weeks and made their home in Long Grove. On May 12, 1897 she was united in marriage to Frank Jahnke of Arlington Heights by Rev. Roeder of the St. Peter Ev. Lutheran church. This couple was blessed with four children, of which one daughter passed away in infancy. This couple have always made their home in Arlington Heights.

She leaves to mourn her sudden departure, three daughters, Miss Laura Jahnke, Mrs. Elsie Schenke, Mrs. Luella Dieball of Arlington Heights; two sons-in-law, Mr. Otto Schenke and Mr. Raymond Dieball; two brothers and two sisters, Mr. Henry Hinz, Mrs. Dora Meyer, Mrs. Charles Hinz of Arlington Heights; Mrs. Axel Peterson of Des Plaines; two sisters-in-law and five brothers-in-law.

Funeral services will be this Thursday afternoon at 1:30 p. m. from her residence at 204 S. Evergreen st., Arlington Heights and at 2:00 p. m. at St. Peter's Ev. Lutheran church, Rev. Fricke officiating. Interment will be in the St. Peter's Lutheran cemetery.

Louis Kamp

Mr. Louis Kamps of Arlington Heights passed away Friday evening at the home of his daughter, Mrs. Menke. Funeral services were held at St. Peter's Lutheran church on Monday afternoon with interment in Arlington cemetery.

Mr. Louis Kamps was born in Schiller Park on Jan. 1, 1863. In 1885 he took his bride to Wheeling where they resided on a farm for 36 years. For the past 18 years Mr. and Mrs. Kamps have lived in Arlington Heights after Mr. Kamps' retirement.

Mr. Kamps is survived by his widow, Mrs. Kamps, and three children, Mrs. Menke, Mrs. Wahl and Mr. Martin Kamps.

NOTE OF APPRECIATION

The family of the late Louis Kamps wish to offer their thanks and deepest gratitude for the sincere sympathy given them by their relatives and friends in their late bereavement.

Give The Child Children Training Dr. Maier Urges Mothers

Christian home training is more essential than public sex instruction, Dr. Walter A. Maier of Concordia Seminary said Sunday in his coast-to-coast Lutheran Hour broadcast, now heard over 115 stations each week.

The noted theologian, whose correspondence with his audience has reached such proportions that his volunteer staff of office workers has had to be enlarged several times in recent weeks, directed a special appeal to mothers to give their children "heart and soul protection against the Godless theories of our day."

"If your club duties, business or even your church work interfere with the proper care of your children, and their Christian training," Dr. Maier suggested, "re-sign from your social, literary and music clubs; give up your office job; reduce the time you spend at church suppers and entertainments and concentrate your devotion on your children, your husband and your home."

Many thoughtful persons, Dr. Maier asserted, are coming to the conviction that America's educational system must be revamped to provide a more definite and adequate program for character education and spiritual training. He predicted the time may come when Protestant denominations will follow the example of the Lutheran and Catholic churches in taking over the elementary training of their children along Christian lines. Most of the vital blessings upon the home life come, Dr. Maier added, through the in-dwelling of Jesus Christ in the home, Christian exaltation of parenthood, Scriptural regard for childhood and devotions at the family altar.

Charles Y. Freeman Elected Chairman of Public Service Company

Charles Y. Freeman was elected chairman of Public Service Company of Northern Illinois at a meeting of the Board of Directors of that company. He fills the office left vacant by the death of James Simpson.

Since 1932, Mr. Freeman has devoted practically all of his time to legal and corporate matters affecting the Commonwealth Edison group of companies. For the past two years, as General Counsel of the Commonwealth Edison Company and of Public Service Company of Northern Illinois, he has been actively engaged in assisting Mr. Simpson in the management of the properties, and in the Chairmans' absence has been the directing head of these organizations. His selection by the directors is interpreted as a continuation of the management policies initiated by James Simpson.

Mr. Freeman has practiced law in Chicago since 1902. For many years, as a member of the firm of Dent, Dobyns & Freeman, he engaged in general law practice. He

then became a member of the firm of Wilson & McIlvaine, which was appointed counsel for Commonwealth Edison Company in June, 1932. He has now resigned from membership in that firm.

Mr. Freeman is a director of The Fair, A. B. Dick company, The Buda company, and the Reynolds Wire company. He is associated with a number of civic and charitable activities, and is a member of prominent clubs in Chicago and New York.

Charles Yoe Freeman was born at Lockport, New York, on March 29, 1877. He was graduated from Princeton University, and received his LL.B. degree at Northwestern university. He was admitted to the bar in 1902. Mr. Freeman married S. Esther Dodge in 1906 and their three children are Charles Yoe, Jr., Henry Dodge, and Donald Henry.

Paint Formulas Old

The formulas which exist as the basis on which paints are manufactured were worked out by the great artist, Leonardo da Vinci, and his successors, who were dissatisfied with the paint used during the Renaissance.

BOWLING NEWS of Northwest Alleys

Arlington— by ROX BOLTE

BUT HE CAN BOWL
Here's to the pinochle chump
That couldn't decide on trumps;
He said with a grin,
As he felt of his chin:

"Pinchle, I would like to play,
Just one objection if I may;
With anyone you wish to say
Except my former partner Kehe.

"That guy plays worse than me,
So anyone can plainly see,
How we lost the other night;
I should worry that's alright."

A real good sport, he don't care,
Come to bowling, he's right there,
Who I mean you'd never guess
So now to you I will confess.

He really has got a heart
Monday night his name is "Cart"
Maybe he has gone to Paris
His real name is George Harris.

On alleys 1 and 2 Arlington
Cafe went into a tie for first place
by defeating El Rand twice. Louis

Champion Paddock Printers Defeat Barrington Newsmen

In a match game Sunday after-
noon at the Barrington alleys the
Paddock Printers defeated the Bar-
rington Review printers by 176
pins.

The Paddocks started out strong
and easily took the first round by
90 pins. In the second game they
became lax in the first five frames,
allowing the Barrington group to
gain a 50 point lead that was never
relinquished. The third game fea-
tured a return to form by the
champs, enabling them to gain 120
pins over their opponents. The
scores:

COOK COUNTY DELINQUENT SPECIAL ASSESSMENT LIST

NOTICE OF APPLICATION OF COUNTY COLLECTOR OF COOK COUNTY FOR JUDGMENT AND FOR AN ORDER OF SALE ON ACCOUNT OF DELINQUENT SPECIAL ASSESSMENTS.

Advertisement and Notice of County Collector of Cook County of application for judgment and order of sale of delinquent lands and lots on account of unpaid special assessments or installments thereof, as provided by law.

FEEHANVILLE DRAINAGE DISTRICT, COUNTY OF COOK, STATE OF ILLINOIS.

December 7, 1939
Notice is hereby given that the County Collector of Cook County, Illinois, will apply to the County Court of Cook County, Illinois, on Monday, December 18, A. D. 1939, for judgment against all the lands and lots described as being delinquent upon which special assessments remain due and unpaid for said special assessments, or unpaid installments thereof, with interest and costs, as provided by law, and for an order of sale of said lands and lots for satisfaction thereof, (excepting from said judgment and order of sale all lands and lots, if any as noted in this advertisement and publication, ordered sold by unexecuted judgments and orders of sale, previously entered for sale delinquent special assessments, interest and costs, as provided by law, such lands and lots being included in this advertisement for sale only under such previous judgments and orders of sale.)

Notice is further given that on Tuesday, December 26, A. D. 1939, at the hour of nine o'clock A.M., all of said lands and lots hereafter described, for sale of which an order shall be made, or has heretofore been made but not executed will be exposed to public sale at the County Building of Cook County, at which building is the building where the County Court is held in said County, for the amount of the special assessments or installments thereof, of interest and costs due thereon, respectively.

The following is a list of delinquent lands and lots in Wheeling Township in the County of Cook and State of Illinois upon which remain due and unpaid special assessments or installments thereof, levied and assessed by the authority of the municipalities as indicated herein, special assessments levied by the authority of each municipality being set forth under the name of such municipality as follows:

EXPLANATORY NOTE — In this list in all places where no other notation is made the figures in the column headed "S" (meaning dollars) and "cts" (meaning cents) represent the taxes due and unpaid. Where no description of property (either land, lot, block or portion thereof) appears in said list to the left of and opposite the figures in said column headed "S" (meaning dollars) and "cts" (meaning cents), said figures relate to the land, lot, block or portion thereof last above described to the left of and opposite said "S" and "cts" column. "Name" in the words "name and desc." where used in the list, means name of the owner of said delinquent lands or lots, and "desc" in said words means description of said lands and lots.

TENTH INSTALLMENT SPECIAL ASSESSMENT WARRANT NO. 60014
Dated the 24th day of April 1929 and levied and assessed by authority of the County Court of Cook County for drainage which remains due and unpaid with interest on this and the unpaid installments at the rate of 6 per cent per annum from the 2nd day of Jan 1930 to the 2nd day of Jan 1939 and interest on this installment from the 2nd day of Jan 1939 to the 31st day of July 1939.

New Arlington Heights High School Building To Be Dedicated Sunday

CAPACITY ENROLLMENT IS 700 PUPILS

The new school building provides for a capacity enrollment of 700 pupils. The present enrollment is 518. The present high school building opened in 1922 with 57 pupils. It reached an enrollment of a hundred two years later, passed the 200 mark in 1927, 300 in 1930 and 400 in 1934.

Architect

SEATING CAPACITY FOR 1500 IN GYMNASIUM - GYM.

This gymnasium, 70x90 has a hard maple floor. Rollaway bleachers will seat 600 persons. The board insisted on sufficient space between foot rests and seats so that use of the bleacher's full capacity will occasion no discomfort to spectators. Aside from the two regulation back boards at each end of the hall for regular games there are four additional backboards on each side which can be used for practice basket shooting.

Heat and ventilation enters the gym through four large heat defusers in the ceiling. Cold air leaves the gym beneath the stage.

Artificial lighting, when needed, is by means of thirty 500 watt lights in the ceiling. The balcony seats 200. Seven hundred folding chairs can be placed on the floor of the gym.

There are seven exit doors to the gymnasium, and two drinking fountains for use of players. The haydite block, used on the side walls, has been treated with a mottled color paint, matching the ceiling which gives the gym an attractive appearance and provides the best possible acoustic properties. The walls are 24 inches thick.

The entrance to the gymnasium has been enlarged and a 12 foot entrance hallway extends along the east wall. Commodious rest rooms are beneath the balcony.

MODERN SCORE BOARD A FEATURE OF GYM

The finishing touches were put on the gym Wednesday by the installation of a new score board. Faced by the necessity of repairing and replacing some parts on the old board the school officials decided on the purchase of a modern scorer.

This is a combination scoring and timing device which is the last thing in automatic signaling. It not only gives the spectators a complete picture of the progress of the game but does away with the necessity of stop watches for timing.

Scores for both teams are shown clearly. This device may be run either forward or backwards to keep score and also to correct any possible mistakes made by the scorers. Four lighted panels designate which quarter is being played.

A large dialed electric clock keeps the official time and on all occasions the exact progress of the game is visible to players and spectators alike. An automatic horn stops play at the end of each quarter and may also be used for signaling officials for substitution and times out.

AIR CONDITIONING

Modern air conditioning is installed throughout the entire building. The entire air can be changed in eight minutes.

The heating plant with its two new boilers and stokers is housed in a separate building with a chimney 80 ft. high.

ATHLETIC FIELD NEXT ON PROGRAM

The high school board has under consideration the construction with the aid of the WPA, a quarter mile cinder track with a 220 yard straightaway. This project would include the complete grading of athletic field with drainage and landscaping and the possible construction of a field house at the north end of the school property.

ALL STUDENTS SHARE IN PHYSICAL EDUCATION OPPORTUNITIES

With such a large enrollment as Arlington Heights high school has adequate physical education classes for all pupils is somewhat of a problem, which is very easily met by the added facilities provided in the new building. The school day is hardly long enough to give as much time to physical training as Mr. Conger desires, and there are few hours during the school day when the gym is not in use.

There is one adjunct to the physical education facilities that should not be missed by those who inspect the building. Boys and girls dressing and shower rooms have taken the place of the former locker crypt on the main floor opposite the gymnasium. These rooms have the best equipment and batteries of individual small lockers for those engaged in gym. These showers will not be available for regular basketball players of the local school and visiting teams. They will be kept strictly sanitary and free from danger of possible infections brought in by outside players. They are for the exclusive use of the mass student body.

CAFETERIA AVAILABLE FOR SCHOOL PARTIES

The cafeteria is a lot more than a mere eating place for school pupils. A majority of the present students carry their own lunches and use the arm table chairs for that purpose of which there are a hundred. Tables and chairs are provided for an additional 150.

The steam table and service counter is at the right of the room, at the rear of which is the large kitchen. The French doors in the background open into a small banquet hall or teachers' eating room, where a group of 75 can be served at the folding tables with which that room is equipped.

The cafeteria room will be used for class and private parties as the floor is suitable for dancing, thereby making unnecessary the use of the big gym for the smaller parties.

ONE OF TWO STUDY HALLS

COMMODIOUS STUDY HALLS ON BOTH FLOORS

Efficiency marks the two study halls, one of which is pictured above. Enclosed cupboards contain the reference books and supplementary reading material that the classes of that room are in current need. This obviates the necessity to a trip to the school library and provides more room for books in the library.

There are two long library tables with 12 chairs on each side of the instructors' desk in the study hall. If you look close you will see the American flag on a small stand on the teachers' desk. The state law requires that such a flag be in every class room, a requirement which is being met in the Arlington school.

Independent heating units are in every class room. Two of them can be seen at the side of the above picture. They provide a constant supply of fresh outside air.

All class rooms in the school have independent electric clocks. The present bell system will be continued as period signals.

INCREASED QUARTERS FOR MUSIC AND BAND

An added emphasis can be given to music the coming year. The old small music room has been superseded by a music assembly room with stage, where the entire band of sixty members have room for rehearsals. This room can also be used for group meetings of a hundred or less. Mr. Donald G. Costain, band instructor, is very much pleased with the acoustics that have been obtained in the auditorium-gymnasium. Music renditions in the big room will be much more effective.

VOTERS AUTHORIZE SCHOOL

The voters of the high school district gave its approval of the building program Sept. 24, 1938. The bonds, bearing 3½ per cent interest were sold to Harris Trust and Savings Bank. Plans were drawn by Godfrey F. Larson, Inc. and the general contract was let to Axel E. Johnson. Legal matters were handled by Wilbert Beer of Mt. Prospect, representing the firm of Lawlor & Walsh.

LOCAL BUSINESS AND LABOR HAVE A PART IN SCHOOL CONSTRUCTION

Construction work on the new section of the building was started a year ago. Work on the gymnasium and on the alterations were not started until last June.

Local labor and local business firms have had a material part in the building construction. Local firms furnished over \$14,000 worth of material to the project and local labor was used for over 31 per cent of "man hours" used in construction of building.

NEW BUILDING STRICTLY FIREPROOF

The present high school building is fireproof throughout. Every known engineering method that will increase the safety of the pupils has been made a part of the building. In case of a fire steel and cement safeguard the stairway walls. Fifty-two tons of structural steel was used in the roof of the gym which is constructed of cement.

Knit One - Purl One But Don't Drop A Stitch

Hobbies play a large and important part in the lives of most people, and there are many places in the village where one may find evidence of this.

A walk along the downtown section of the village on any evening will find traffic very heavy in the region of the bowling alley, where even the women of the village have taken up this sport, or on the door step of Paul Strouds Fish Fly Shop, where the boys are swapping fish stories; but there is another place in the shopping section where one will always find a group of women busy over a most interesting and fascinating hobby, Mrs. Green's Knit Shop.

Standing from the outside looking in, one may see children and women busily working over every imaginable color of yarn with the knitting needles almost flying in their fingers.

While they are knitting they are having a nice visit with a friend or have learned to know a new one in this busy place.

Friend husbands complained of this hobby interfering with their evenings of bridge until friend wife started on his sweater and now he even comes in with the knitting in his hands for more instructions and yarn. When the "boy friend" calls for his "best girl" she's just as likely to be at the knit shop, with an inch to knit before she can leave, and so he waits.

Every bridge party has its knitters, who have become so adept

at doing two things at once that they can "knit two purl two" and bid six spades at the same time (they do set it aside to play the hand, however).

After wistfully gazing at the scene the "on-looker" musters up enough courage to join the group inside to inquire how to produce such beautiful and useful articles, and the first thing you know there is a new person around the table, and the "knit one, purl one, but don't drop a stitch" goes merrily on.

Once a knitter, always a knitter, but even friend hubby can't complain, when he settles down on a chilly evening in his comfortable sweater, or dresses up in his new scarf and gloves, of which he brags to his friends, "My Wife Made These."

Give Shower For Mrs. Middleborn

Mrs. Reuben Middleborn, the former Florence McElhose, who was recently a bride, was guest of honor at a postnuptial shower at the home of Mrs. A. Schulte last Friday evening, when 25 guests gathered to enjoy the evening playing games.

The bride received many beautiful and useful gifts from her many friends and after an enjoyable evening the hostess served refreshments assisted by Miss Laura McElhose.

Book Club Hears Of Books on the European Crisis

At the last meeting of the Book club, which is a department of the local Woman's club and open to all members of the club, which was held at the home of Mrs. Moore in Scarsdale, a most informative program was presented on the European situation, when Mrs. Herman Alme presented short resumes of all of the important books, which are in the local library on World Affairs.

This report appeared in the last issue of the local paper and should be of great value to those people interested in pursuing this subject. Mrs. Alme's report showed extensive reading and was presented in a splendid manner.

Mrs. Harold Glave gave a fine review of the pertinent book by John Gunther "Inside Europe" making the afternoon one of great interest to those who attended.

Cub Den Attend Birthday Party

Jerry Hill entertained the members of his Cub Den at a party Saturday afternoon in honor of his birthday. Bob Harrah of Chicago was also a guest. After an afternoon of games that all boys enjoyed, Mrs. Hill served birthday refreshments.

Fidelis To Hold Christmas Party

The Fidelis Circle of the Methodist church will meet at the home of Mrs. Warren Fellingham on Tuesday evening, December 12 to enjoy a Christmas party. Each member is asked to bring a 25c gift for the Christmas gift exchange. The program is in charge of Mrs. Fred Utterback.

On Saturday evening, Mr. and Mrs. W. Frackelton, were hosts to twelve friends at a dinner party and bridge was enjoyed in the evening.

Mrs. Briggs and Robert Briggs attended the Men's Night program of the Austin Woman's club of which Mrs. Briggs is a member, Monday evening, and heard Mr. Sidney Montague, who is head of the Canadian Mounted Police, give an interesting lecture.

Mrs. Elmer Laurin of So. Evergreen is the second woman of the village to be called for jury service in Chicago.

Mr. and Mrs. Ray Hayes and family attended the Italian Art exhibit at the Art Institute Saturday.

Mr. Roy Laurin of Los Angeles, brother of Mr. Elmer Laurin, is spending a few days in Chicago on business.

Friends of Mr. and Mrs. William Harsh of Chicago, but formerly of Arlington Heights, will be pleased to learn that they are parents of a baby daughter born on Nov. 10. The baby has been named Patricia Ann. Bobby Harrah was a week-end guest of Jerry Hill and the Hill family took Bob home Sunday and saw the new baby sister.

Psychiatrist Tells Of Mental Diseases

Dr. John Mergener, staff physician of the Psychiatric Institute of the University of Illinois, spoke on "Mental Disease and Its Treatment" before forty members and guests of Theta Chi Sorority Monday evening at the home of Mrs. Thomas Cooper.

Dr. Mergener spoke of the necessity of educating the public to the fact that mental disease can be cured as well and permanently as any physical disease, through the new methods of shock treatment. Statistics prove that within the past few years 40 per cent of the mental patients treated with this method have been cured and have stayed in excellent health, both mentally and physically. The most difficult task facing the psychiatrist is that of educating the public to receive these patients back into society as normal people, with no stigma attached to them; Dr. Mergener says that years of research in this field have broken down the old ideas that it is a disgrace to have insanity in the family, for it is not due to "Wrong Thinking," but to a combination of physical and mental illness.

Dr. Mergener had with him a former mental patient, who through this new shock treatment has been completely cured. Mrs. Harris most graciously talked to the group, telling of her recovery and her interest in helping others to realize the importance of this work.

At the close of the meeting refreshments were served by Mrs. Cooper and Mrs. Emmett and a social hour was enjoyed.

Book Nook

The book circulation of the local library has been mounting constantly and for the month of November has reached a new high of 3032.

Evelyn June Schnell, Willard Tegtmeier, Wed At St. John's

Miss Evelyn June Schnell, daughter of Mr. and Mrs. William Schnell of Arlington Heights, was united in holy matrimony to Willard Tegtmeier, son of Mr. and Mrs. George Tegtmeier of Arlington Heights last Saturday at three o'clock in the afternoon.

The Rev. R. J. Kalwitz, pastor of St. John Evangelical church, performed the nuptial rite in a single ring ceremony held in the spacious living room of the groom's home which was decorated with white streamers and large bell. The bride was given away by her father.

The bride was attired in a white satin princess styled gown trimmed with lace and wore a veil with long train and a tiara of white roses and carried a shower bouquet of white roses and sweet peas.

Miss Lorna Ludy of Elmwood Park acted as maid of honor and wore a peacock blue satin gown, a tiara of deep pink roses, and a tiara of deep pink roses, and carried a bouquet of pink carnations.

Serving as bridesmaids were the Misses Ruth Belle of Schiller Park, Clara Tegtmeier of Arlington Heights, sister of the groom, and Mrs. Raymond Tegtmeier of Elgin. They wore gowns of aqua tulle with fuchsia trimmings, flower hats with fuchsia blouses, and carried arm bouquets of pink carnations.

Serving as best man was Raymond Tegtmeier of Elgin, brother of the groom. The other members of the bridal party included Ralph Schnell, brother of the bride, and Robert Tegtmeier, brother of the groom, both of Arlington Heights, and Melvyn Ludy of Elmwood Park. They were dressed in the conventional dark suits and wore white boutonnieres.

The bride's mother was dressed in a black crepe gown with pink trimmings and wore a corsage of yellow chrysanthemums. The groom's mother was dressed in a gown of burgundy crepe and also wore a corsage of yellow chrysanthemums.

Guests at the six thirty o'clock dinner included Mr. and Mrs. Carl Belle of Lake Zurich, grandparents of the bride, Mr. and Mrs. Frank Miller of Half Day, grandparents of the groom, Rev. and Mrs. R. J. Kalwitz, Mr. and Mrs.

Lady of Elmwood Park, Miss Anna Benner of Libertyville, and Mr. William Miller of Half Day.

Over four hundred invited guests attended the reception which was held in the evening in the Elk Grove school house.

Mr. Willard Tegtmeier is employed at the Lake-Cook Farm Supply company in Arlington Heights. The newly married couple will make their home in Arlington Heights.

Legion Auxiliary Notes

The American Legion Auxiliary held its regular monthly business meeting at Legion House Tuesday evening, December 5. Twenty-three members were present.

Plans for the Christmas activities were discussed. On Saturday afternoon, December 16, those who are to pack the Christmas boxes for the Veterans at Elgin hospital, will meet at the home of Mrs. Violet Rector.

The Times Legion Auxiliary Suburban Christmas party for the underprivileged children of this area, will be held at the Arlington Heights Field House, members of Merie Guild Unit No. 208 of the American Legion will meet at the Field House Dec. 19, to decorate the tree.

Mrs. Rector had on display a number of articles made by the Occupational Therapy department of the Veterans hospital. Most of them were sold at the meeting.

Mrs. George Palmer and Mrs. Joseph Wisersky went to Hines hospital on Friday, Dec. 1, to help wrap parcels for Christmas.

An invitation to attend the dedication of the new high school building on Dec. 10, at 2:30 p. m., was read.

After adjournment, the hostesses of the evening, Mrs. George Palmer and Mrs. Charles Fitzpatrick, served refreshments.

John Henry Busse, son of Mr. and Mrs. Henry Busse fell from a chair Thursday evening and fractured his leg. Young John, who is 28 months old, is a patient in the Elmhurst hospital where he will be confined for the next few weeks.

More Or Less Tuberculosis

Contagious diseases, like human beings, are never static. They are on the rise or fall, gaining ground or losing it. Tuberculosis is no exception. Indeed above almost all other contagious infections, tuberculosis, will increase or decline in accordance with opportunity. Since it spreads from person to person, opportunities grow greater and greater with each new infection while they grow less and less with the control of each infected person.

At the present time in Illinois, tuberculosis appears to be gaining ground slightly. More deaths were attributed to the disease during the first eight months in 1939 than in that period of 1938, the figures being 2548 and 2465, respectively. The decline in mortality has stopped, at least temporarily. Whether it will continue an upward trend or turn again downward will depend in no small degree upon the action taken or the lack of it—the financial resources provided and the field work done in combating the disease.

Notable progress has been made against tuberculosis in Illinois, but it appears now that the full force and vigor of the present program is needed to maintain the ground already gained, to keep from slipping. To make new headway the control program must be expanded and strengthened. More sanatoria must be built, more physicians and nurses employed, more work done in search of infected persons, and more tuberculin testing in the schools.

Literature on tuberculosis and the value of tuberculin testing can be obtained at the Arlington Heights Health Center, Village hall.

How to Avoid EYESTRAIN

No matter how bright the light or how large the type, your eyes cannot see without strain unless they are in good condition. Eyestrain is an enemy of health. It causes nervousness, indigestion, and headaches and unless it is cured for in time, it might seriously injure delicate eye muscles. There is only one sure way to guard against eyestrain—have your eyes examined. Sometimes you yourself don't even know when this common trouble is taking its toll.

Recreation Club Organized; Will Buy Game Equipment

The Wheeling Recreation club has organized as an official group sponsoring the Supervised Recreation Night at Wheeling gym for children and young people of the village held each Wednesday evening.

At a recent meeting the following officers were elected: President, Mrs. Ray Lesch; vice president, Mrs. A. Ortel; secretary, Mrs. C. Weider; treasurer, Mrs. E. J. Welfin.

The club is open to all citizens interested in the project. The group has been active in raising funds for the purchase of game equipment and are cooperating with the school board in providing the salary of the supervisor who is Mr. Etherton of Northbrook.

A variety of games and activities are being used, suitable to the different age groups. Thus far the recreation night has been well attended by the youth of the community to whom the program is being offered free of charge, through the efforts of the club. The project calls for the volunteer service of time as well as financial support, as the basement of the gym is used by some of the children while other groups are being directed by Mr. Etherton in the gym and supervision must also be provided for the basement.

Any adult who could give an evening periodically for this purpose should volunteer his services to the club officers. This is a decidedly constructive recreational project which deserves the support of

Library Board To Meet; Seek Volunteer Help

A meeting of the Library Board is scheduled for next Wednesday evening at 8 p. m. at the Library. All public-minded citizens interested in the further establishing of the community library are invited to attend. Volunteers to assist in book-mending and recataloging of the books are needed, as well as to help in constructive plans for increasing the library.

Mr. and Mrs. Otto Utpadel have been away on a trip to the north woods of Wisconsin this week.

The monthly Child Health conference will be held in the gym next Wednesday afternoon, Dec. 13. All mothers of pre-school age children are urged to bring them to the conference for examination and free consultation. This service will be discontinued if the number of children attending is too small. Mothers of the village and surrounding community should be interested in keeping this health protecting service for their children by attending regularly.

All citizens. Last Saturday the club served lunches to the 600 persons who attended the John Deere Co. demonstration which was held in the gym.

Hebrew Lecture At Presbyterian Church Next Sunday

The public is invited to attend a popular lecture on the subject, "A World Picture of Present Day Jewry" to be delivered by the Rev. Louis H. Aronson in the Wheeling Presbyterian church next Sunday evening, Dec. 10.

Rev. Aronson is a Hebrew Christian lecturer and preacher, especially well qualified to discuss this vital subject of present world affairs.

Turning from Judaism to Atheism in his youth, he was later converted to Christianity and entered the Christian ministry. For eight years Mr. Aronson was associated with the Presbyterian Church Extension Board of Chicago as missionary among atheists, communists, and radicals, doing a good work.

Mr. Aronson is now associated with the Hebrew Christian Alliance of America as a field worker. Opportunity will be given for questions from the floor which Rev. Aronson will be glad to have and discuss. Invite your friends to attend this meeting with you.

Mrs. A. Pieper entertained her 500 club at the Riverside last week. Prizes were won by Mrs. V. Saunders, Mrs. Otto Utpadel and Mrs. E. Bucher.

We are glad to learn that Mr. Jesse Mayer has been improving since his recent operation at St. Francis hospital, Evanston. Jack has been enjoying visits from his friends while at the hospital, but especially so when a group dropped in last Friday evening to wish him "happy birthday."

Mr. and Mrs. John Nielson entertained their pinocle club last week. Mr. and Mrs. John Hoffmann were both lucky and won the prizes for the evening.

Mr. and Mrs. E. Galitz entertained their 500 club last Wednesday evening. Ladies prizes went to Mrs. H. G. Gemmill and Mrs. Ily. Grandt, while the gents prizes were taken by Mr. Robt Utpadel and Mr. H. G. Gemmill.

It Happened Here

This morning, with December edging in, the air was full of a delicate hoar frost, golden in the east, white on roofs and lawns, payable as a garment; this witchery was the moon's work; last night as she took her course in full majesty across the heavens, she was weaving this lacy coverlet for the still green pastures, for the huddled brown leaves and for the sleeping gardens: her spinning wheel was plain to see by all who watched. The gaunt flower stalks in the garden look like thin, spinsterish ladies in raggedy shawls—the Little Sisters of the Poor in a forgotten Abbey garden, culling seeds and dried herbs? In the rim of the garage roof lie a dozen or more twigs shaped like hockey sticks, dropped and forgotten when the teams took off to chase a squirrel. Mrs. P., to the colored WPA helper, had a Thanksgiving hamper from her mother in Arkansas. "They was two dozen of eggs in it and some black eye peas and the meat to cook 'em with and a big fat goose and some collards. An' how you think she packed them eggs? In baking powder cans full of flour, an' they never even one of 'em was so much as cracked. 'Course I'll save all that goose grease, 'cause goose grease is right expensive. My Maw says she thinks it's plain marked for black eye peas, but I dunno as I is more 'n for peanuts—thanky. Ma'm thanky! I sure appreciates these."

Origin of Name 'Yellowstone'

According to the Geological Survey the name "Yellowstone" is derived from its original French name, "Roche Jaune," meaning "yellow rock or stone," though by some said to be from the Indian word "Mi-tsi-a-da-zit" meaning "rocks on Yellow river."

'Marry in Haste, Repent'

Shakespeare, in "The Taming of the Shrew," says: "Who wooed in haste and means to repent at leisure." In William Congreve's "The Old Bachelor" is the line: "Thus grief still treads upon the heels of pleasure; married in haste, we may repent at leisure."

Scout Court of Honor Is Held in Des Plaines

by KAY SEBERT

Last Friday night at the Junior high school in Des Plaines over a hundred parents and friends witnessed the presentation of awards for the December court of honor.

The opening ceremony was in charge of members of the Order of the Arrow, led by Eagle Scout Royal Anderson. The awards were made for the Eastern District rally and were as follows: First place, Troop 2 of Park Ridge; second place, Troop 15 of Niles Center; and third place, Troop 17 of Park Ridge.

After the awards of second class, first class, and the merit badges, Mr. F. O. Proctor of Arlington Heights, was given a ten-year veteran award. Mr. Proctor is a scout commissioner.

Six scouts were given their rank of star, the rank after first class. For the next rank, Life, there were five candidates. They were Elmer Christensen of Troop 2, William Moritz of Troop 3, Norbert Harz of Troop 11, and Elmer Thorson

and Lawrence Knaack of Troop 7, Arlington Heights.

The highest rank, that of Eagle, was awarded to Glen Park of Park Ridge. He was welcomed in the regular ceremony by the other eagle scouts of the council.

Among the other special awards was the Lincoln trail medal given to Leland McCabe. The Lincoln Trail is about twenty-one miles long and leads from Salem to Springfield. Scoutmaster Richard Vandy of Troop 14, Des Plaines, was given his scout life guard certificate, which is given to those who take a special series of tests which go beyond Junior Red Cross requirements.

The awards given to members of Troop 7 were all merit badges. Lawrence Knaack received personal health, public health, and athletics; Norman Russel received pathfinding and mechanical drawing; Marvin Russel, safety, woodturning, woodwork, and bookbinding; Ralph Smith, pottery, pioneering; and Elmer Thorson, public health, athletics and safety.

For one of the things that give

this Buick its buy-value is the number of items included in the price that cost extra elsewhere!

For instance—the Flash-Way Direction Signal, standard on all models, costs around \$10 extra elsewhere—even without the automatic cut-off.

Every Buick comes to you with automatic choke and an efficient oil cleaner—it's surprising how often they're sold as "extras."

Every Buick has dual horns, dual sun visors, locks on both front doors, electric lighter, assist straps, robe cord, glove compartment

lock, front-door armrests, gas tank lock—all things often charged for elsewhere.

Every Buick has a Dynaflex valve-in-head straight-eight engine, micropoise-balanced after assembly. Every one has two stabilizers, and rear coil springs that never need lubrication.

All have torque-tube drive, battery under hood, two ways of starting. Super and Roadmaster have front seats close to five feet wide and all models have Safety Plate Glass all around.

And all this is included in the at-the-factory price. Why not see the nearest Buick dealer and see how little more it costs delivered to your door?

New Juvenile Team Makes Bow In "Bad Little Angel" With Star Performances

The screen's newest juvenile team, Virginia Wiedler and Gene Reynolds, present remarkable per-

formances in "Bad Little Angel," a poignant drama of childhood, coming to the Catlow Theatre on Saturday for one night only. Directed by William Thiele, it tells the story of a little orphanage waif whose faith and courage alters the lives of a group of characters in a quaint New Jersey village in the early nineties. Adapted from a Margaret Turnbull novel, "Bad Little Angel," has the thrill of a rescue from a factory fire, great dramatic moments in the orphanage sequence, and the child's plea to save the position of her foster father. Convincing performances are given by Lois Wilson and Ian Hunter as the waif's foster parents, Henry Hull as the town drunkard whom the child reforms, Guy Kibbee as the crusty millionaire who capitulates eventually to the child's charm, Elizabeth Patterson and Reginald Owen.

On Sunday and Monday the Cat-

low Theatre present "Fifth Avenue Girl," starring Ginger Rogers and featuring Walter Connolly, Veree Teasdale, James Ellison, Tim Hoyt, Kathryn Adams and Franklin Pangborn.

"Hopalong Cassidy" travels five thousand miles—to romantic Argentina—for adventure in his latest film, "Law of the Pampas," coming to the Catlow Theatre on Tuesday and judging by results, the trip was worthwhile. For never on the home range in New Mexico has "Hoppy" found adventure more hectic and romance more colorful than in "Law of the Pampas."

Double featured with "Law of the Pampas" is "Hawaiian Nights," with Johnny Downs, Mary Carlisle, Constance Moore, Eddie Quillan, Matty Malneck and his orchestra, and Sol Hoopii and his Hawaiian band.

On Wednesday for one night only, the Catlow Theatre presents "Full Confession," with Victor McLaglen, Sally Eilers, Joseph Calleia and Barry Fitzgerald.

WJJD Singers On Stage Of Palatine Theater

Shelby Jean Davis and Jackie "The yodeling kid" are popular little singers heard daily on the Supper Time Frolic over radio station WJJD, Chicago. Shelby Jean is 12 and Jackie is 9. They sing solo and harmony numbers. Jackie is famous for his particular style of yodeling and is called "The Yodeling Kid." Shelby Jean takes great pride in having more than eight hundred little namesakes. They are appearing in person with Jennie Kasper and others at The Palatine Theatre this Saturday, matinee and night. The screen attraction will be "Invitation to Happiness" starring Irene Dunne and Fred MacMurray.

"The Wizard of Oz" will play at the Palatine theatre Sunday, Monday, Tuesday, sponsored by the Palatine school, Monday and Tuesday.

"U-Boat 29" At Des Plaines Sunday

Out of today's screaming headlines comes a film of European Sea warfare as timely as the newspaper you are now reading. The picture, "U-Boat 29" tells a thrilling story of war time espionage and reveals graphically action that is taking place in the North Sea today. On the same program, starting Sunday at the Des Plaines Theatre and running for three days, is Bette Davis' new hit, "The Old Maid." Co-starred with Miss Davis in the latter film are George Brent and Miriam Hopkins.

The Friday-Saturday attraction in Des Plaines is "Beau Geste" starring Gary Cooper and Ray Milland, and "Stop, Look and Love," a delightful screen adaptation of the stage success, "The Family Upstairs." Prominent in the latter film are Jean Rogers and William Frawley.

1940 Corn Acreage Allotments Reduced

Although Illinois' share of the 36,638,600 acre 1940 corn acreage allotment has not yet been announced, AAA officials estimate that allotments to go to individual farmers in Cook county will be between 11 and 12 per cent less than their 1939 individual allotments. However, they said reductions for individual allotments may vary slightly from these figures.

At the same time the national corn allotment was announced, Lee M. Gentry, state AAA chairman, said the conservation payment for corn in 1940 will be 10 cents a bushel, compared with the 9-cent-a-bushel payment in 1939. The 1939 national corn allotment compares with last year's 41,256,000 acres for the commercial corn area, which includes 599 counties in Illinois, Iowa, Indiana, Ohio, Missouri, Kansas, Kentucky, Nebraska, Minnesota, Wisconsin, Michigan and South Dakota.

In reducing the corn acreage to be planted in 1940, AAA officials explained that even though consumption of corn is expected to be larger in 1939 and 1940 than during the past crop year, the abundant supply in the ever-normal granary plan and the increasing yields because of better soil conservation practices and growing of improved hybrids indicate that adequate supplies can be readily provided from a smaller acreage in 1940.

The corn carryover on October 1 was estimated at 561 million bushels, compared with a 10-year average of 212 million bushels. Of the October 1 total, about 257 million bushels were under seal on farms or held by the Commodity Credit Corporation as security for government loans.

Nine Counties In Commercial Vegetable Area

Nine Illinois counties have been designated as commercial vegetable counties under the 1940 AAA program, according to an announcement by Lee M. Gentry, state AAA chairman.

They include Cook, DuPage, Madison, St. Clair, Union, Lake, Will, Kane, and Peoria, the first five being designated as commercial counties under the 1939 program.

Jackson county is the only one which was designated as commercial in 1939 that will not have that rating under next year's program, Gentry said.

Since the AAA has not designated a commercial potato area in Illinois, potatoes grown for commercial purposes will come under the commercial vegetable allotment in the commercial counties.

Determination as to whether certain heavy-producing vegetable counties should be named as commercial under the program is made by the state AAA committee.

After the county vegetable allotments are made, the individual growers must keep within that allotment, or permitted acreage, or else pay a penalty for over-planting. Growers who keep within their allotments receive special commercial vegetable AAA payments.

"The purpose of designating vegetable counties is more to control potential surpluses than to give assistance to the farmers or growers in the form of AAA payments," Gentry said.

Corporation to finance this sale. Their terms are: All sums of \$100.00 and under cash; over that amount 1/4 cash and balance in 6 monthly payments with interest at 1/2 of 1 per cent a month or 3 per cent for 6 months. No signers needed. Everything must be settled for on day of sale.

Pure Milk Men Call Ten Counties Together Dec. 13

Farm Bureau To Serve Lunch To Members, Wives At Annual Meeting

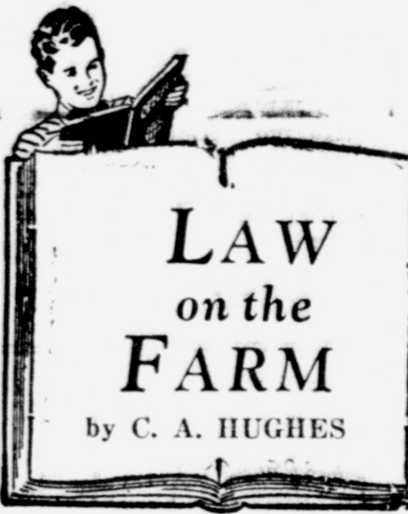

For the first time in its history the Cook County Farm Bureau is preparing to serve a noon day lunch to the members and wives attending the annual meeting at the Masonic hall, LaGrange, Thursday, December 14. A carefully worked out menu has been provided and a group of women have consented to assist in the serving of a cafeteria style meal. It is anticipated that not over an hour will be necessary and those waiting to be served will be entertained with musical numbers.

The annual meeting is the business report meeting of the Cook County Farm Bureau. Charts will be hung so the membership may see the use that has been made of dues paid into the organization along with the reports of the farm adviser, insurance director, and the Lake-Cook Farm Supply Company.

A new innovation will be attempted in the afternoon session in which the growth history of the services of the Cook County Farm Bureau will be set up in a series of pictures taken in the county over a period of twenty years. Each township in the county will be represented by one or more people going about their business in the organized services of the Cook County Farm Bureau. As these pictures are shown a number of local people will explain the connection that they have with the organization.

In the forenoon an outstanding film produced by the Illinois Agricultural Association showing the activities of the Association of the state of Illinois may be viewed by those in attendance.

The meeting will start promptly at 10:30 a. m. Ladies who are interested in Home Bureau will have a short session during the business meeting with Mrs. Helen Taylor Butner, Home Adviser-at-large who is conducting the organization work of the Home Bureau in Cook county. The election of Farm Bureau officers for the coming year will conclude the meeting.

Selling Farm Produce: Most cities have ordinances requiring retail merchants, peddlers, hawkers and other sellers to procure licenses. Some city license laws are accompanied by comprehensive regulatory and inspection provisions. These laws are desirable from the standpoint of public policy, but as long ago as 1872 the state legislature decided that they should not apply to any farmer, fruit and vine grower or gardener selling his own produce in any place or market where such articles are usually sold, and in any quantity he may think proper. . . . The law further provides that he may do so without paying any state, county, or city tax or license, any law, city or town ordinance to the contrary notwithstanding.

The courts have held that this exemption applies to farmers peddling their produce as well as to those relating produce at a stand or other market place.

The right to sell under this exemption is subject to the following limitations:

1. Streets, alleys and public places must not be obstructed.
2. The sale of spirituous liquors contrary to laws then in force is not permissible.
3. Regulations in the interest of public health must be adhered to, particularly milk ordinances.

This law may be found in the Illinois Revised Statutes, Chapter 5, Section 91.

Market Administrator, Ass'n Manager Will Speak At Woodstock

A sectional meeting of all directors, district officers, local officers and many members of the Pure Milk Association from four Wisconsin and six Illinois counties, including Cook and DuPage counties, will be held in St. Mary's gymnasium at Woodstock, Wednesday evening, December 13, at 8 o'clock.

Arthur H. Lauterbach, general manager of the Pure Milk Association, and N. J. Cladakis federal market administrator for the Chicago marketing area, will be the principal speakers and will have a message for all dairymen.

All members of the Pure Milk Association and also members of other co-operatives, as well as independent milk producers, are cordially invited to attend this meeting.

Business men in the various towns are also cordially invited and, as their interests are very closely woven together with that of the dairy farmer, the association hopes that they will be there that evening to get a complete picture of the milk industry at the present time from two qualified executives.

Eligibility For 1939 Corn Loans Told By AAA

Provisions of the 1939 corn loan plan of the AAA require that a measured report be on file for the farm before a grower may apply for a loan at the recently announced rate of 57 cents a bushel, it was pointed out by Henry D. Gewecke, member of the Cook County Conservation committee.

This is in addition to the previously required provision that a farmer must not have overplanted his 1939 corn acreage allotment.

This means that if the corn acreage on the farm was not measured for performance in the agricultural conservation program or for parity price payments, the farmer will not be eligible to apply for a loan even though he may have planted a smaller acreage of corn than his allotment.

The loan, which is the same rate as for last year's program, will be available to growers from December 1, 1939, to March 31, 1940, according to Lee M. Gentry, state AAA chairman.

Under the 1939 loan program, farmers will find the procedure of obtaining a loan considerably simplified. After the county committee has been notified of the farmer's desire to obtain a loan the farmer will, in most instances, be able to complete his loan with one visit to the county AAA office. At that time the note, the chattel

Prospect Heights

Nan Rauon, Editor.

The first regular meeting of the Prospect Heights school district No. 23, of Wheeling township Parent-Teacher association, will be held at the school, Schoenbeck and Palatine rds., Tuesday evening, December 12.

The meeting will be called to order promptly at 7:30 p. m. by Mrs. C. B. Allen of Brookfield, who is district director of the Illinois Congress of Parents and Teachers. Mrs. Allen will give a short talk on Parent-Teacher work and perform the installation service inducting Mrs. W. H. Spears, Mrs. Arthur Brownell, Mrs. A. V. Allord, and Mrs. M. Fowler, to the offices to which they were elected at the November organization meeting.

The room mothers and committee chairman will be introduced by the president and the social hour introduced through the unique "handshaking" commandment of good neighbors.

The guest speaker of the evening will be the nationally known "Highway Traveller," Arthur G. Jacobek, who will talk about the strange and exciting places, almost unbelievable curiosities, some man-made, some natural, in amazing America. Mr. Jacobek will then give his audience a "close-up" of America's star attractions by showing the talking picture, "They Discover America," a comedy drama with Eleanor Stewart and Robert Kent as the featured players. Their exciting adventures as they tour America by highway are the source of both comedy and thrills. Most of the historic and scenic places in America appear in this entertaining film.

Chief Shee-Noo of the Winnebago Indians, son of the great Chief White Feather, will also be present in full Winnebago regalia. Chief Shee-Noo will personally meet and talk to all school children who attend the meeting with their parents, from 7:10 p. m. to 7:20 p. m.

Owing to the educational nature of the program the meeting will be called to order promptly at 7:30 p. m., so that all school children attending the meeting will be able to leave right after the talk and reach their homes at an early hour.

All indications point to a well planned evening and a large crowd is expected. The arrangement committee insists that the meeting will be operated on scheduled time and urges that everyone be present at least by 7:20 p. m. There will be no admission fee or any other charges at this introductory party of the Parent-Teachers association.

Mrs. Roy A. Hartke, chairman of membership, and her committee had expected to make a personal call on each and every resident of the school district, but owing to the short space of time before December 12, this will be impossible. The charter membership closes on December 12, therefore those desiring to become charter members, should see Mrs. Hartke or her committee any time between now and December 12. Mrs. Hartke will be glad to take all memberships at the first regular meeting also.

All residents of school district No. 23, are invited to become members.

Village Board Meeting

The December Village Board meeting held last Tuesday evening with the president and all trustees but John Binkley, present, consisted mostly of a lot of discussion on various subjects, without anything of particular importance being decided or passed.

It was moved by William Mortimer and concurred in by the other trustees present that the Village should have a regular municipal attorney present at all regular Board meetings to avoid the possibility of becoming ensnared in any legal technicalities.

There was a great deal more talk about the proposed street signs for the Village and it would appear now as if the street signs would soon become an actuality through appropriation of the Motor Fuel Tax refunds and the donation of the Lions club. Committees representing both the Village Board and the Lions club have made extensive investigations as to the type of sign best suited to our needs and are now just about ready to draw up actual specifications and advertise for bids.

Will View Famous Italian Paintings

Mrs. L. W. Kester, fine arts chairman, announces that the Art Institute tour planned by the Women's club will take place next Thursday morning, December 14, at 9:45 a. m. A second conducted at 10:45 a. m. has been arranged for those unable to attend on the first date. Club members who wish to take advantage of this opportunity to view the famous Italian paintings may phone their reservations to Mrs. Kester. Free parking is available for the Goodman Theatre for those who plan to drive.

Extensive plans are being made for the club's annual Christmas party Tuesday night, Dec. 19, Mrs. E. Baskin, program chairman, announces. Miss Roberta Racine, of Northwestern University, and a NBC artist, will give a dramatic reading "Christmas Fantasies." The club chorus will supply a choral background of Christmas carols, and Mrs. E. C. Bolton will accompany at the organ.

Unusual holiday table arrangements were on display at the garden and conservation departmental meeting last Tuesday. Colored slides and a talk by Mr. R. MacMillan, a representative of Vaughn's Seed Store, supplied an interesting and informative afternoon. Mrs. Harry Gundersen and Mrs. T. Maseng were chairmen in charge of the meeting.

The club has bought two copies of the book "Indian Legends," by Marion Gridley, and will present them to the public and Lutheran schools.

The 20th century club of Park Ridge will hold its reciprocity day December 12. Mrs. H. Gundersen and Mrs. C. Kaiser attended the star garden department's annual party in the Wedgewood room, Marshall Fields. State officers presided at the luncheon and the meeting which followed.

ing to Prospect Heights.
At this time Mrs. Underwood is again confined to bed suffering from the effects of a bad cold. We hope that she will soon be up and around again.

Thursday morning Mrs. Homer Torreyson and her little daughter, Jane Ann, also Mrs. Patterson, mother of Mrs. Torreyson, drove into Oak Park on a shopping trip and to attend the general council meeting and luncheon at their church in Austin.

Remember the date folks, December 18, when the Prospect Heights Smith and Dawson basketball team will meet the New York Renaissance team. Anyone who desires to go over to the high school gymnasium at Arlington Heights, along with the crowd, should be at the service station not later than 8:30 p. m. It is expected that a large number of the folks in the community will attend.

Christmas is just around the corner and Mr. Allord, proprietor of the Royal Blue Store at Elmhurst and McDonald rds., now has a large selection of Christmas trees, regular Christmas candies and a fine lot of nice turkeys. Be sure you shop early for your Christmas supplies, in order that you may have a good selection to choose from.

We regret that Mr. Orose was confined to bed for a couple of days with a bad cold. At present he is back to work and feeling much better.

NEW RENTAL BOOKS AT PUBLIC LIBRARY

Seven new books have been added to the public library's rental shelf: "Christ in Concrete," by Pietro di Donato, "Moment in Peking," by Ling Yu Tang, "Anna Karenina," 2 vols., by Leo Tolstol.

"A Peculiar Treasure," by Edna Ferber, "The Nazarene," by Sholem Asche, "Kitty Foyle," by Christopher Morley.

"Maud," by Richard Lee Strout.

V. F. W. Auxiliary Notes

At the last business meeting plans were made for the annual V. F. W. Christmas party for the children, to be held Wednesday night, December 20, at 8 p. m. at the V. F. W. club house. All the members who are handy with the crocheting hook, please report at the club house Thursday night for some crocheting work.

Mrs. William Frostenson came out from Chicago to attend the meeting. Remember our card party next Tuesday, December 12, and anyone not having a chance on the lovely hand woven rug that will be given away, can get same from any Auxiliary member. Our next social meeting will be held Friday, December 29.

Mac Says

by GERALD A. MC ELROY

This week the Northwest Conference season gets under way with eight teams playing 10 game schedules. After reviewing the prospects of each team during the past weeks and seeing some of them play and hearing of the progress of others we feel ready to make predictions concerning the coming season.

Barrington's pre-season victories of 36-19 and 38-25 against Wauconda and Ela indicate that the tall Bronchos have great scoring power and a better team than last year. Wauconda has a good team which appears to be the class of the north section. Herrmann's team will meet Palatine and Barrington but once while Bronchos and Pirates play home and home. This is a schedule advantage. It is a toss up among the three teams, but we will name Barrington, Wauconda and Palatine in that order, which is the order given by most of the coaches. We feel sure these will be the first three but they might finish in any order.

Grant and Ela appear to us to be the teams that will battle for the fourth spot in the final standings. Ela will improve and has a real star in Knigge. Grant has a team of veterans but the best boys are rather small. Bensenville and Northbrook of the south half will also be gunning for first division berths, but will have to meet Palatine and Barrington twice while the Northern teams play the favorites but once. Antioch seems destined for the cellar if one sided defeats in non-conference games are any indication. On the whole the competition in the conference will be very keen with a few exceptions. Bensenville's overtime victory over Ela and Grant's overtime decision over Northbrook indicate even strength.

Two Teams Outstanding
In the Northwest Conference the first results indicate to us that the league race may be a two team affair between Niles and Crystal Lake with Leyden, playing an easier schedule, the only other team which might dispute this class pair. We saw Crystal Lake at Lake Forest Saturday and they appeared stronger than most of the recent league champions. Etling and Rockenback are as smooth a pair as we have seen in some time. The fact that they were beaten only 46-36 by Dundee the night before is plenty of testimony concerning the Lakers' ability.

Name Eight Selections
Last week we named all four winners. This week we pick Niles over Warren, Crystal Lake over Libertyville, Woodstock to nose out Arlington and Leyden to take

Niles Overpowers Cards In 2nd Half 47-26

No Upsets In First Round Of N. E. Conference Play

Short Practice Season Blamed For Boggling Of Arlington Offense

Last Friday night the Arlington Cardinals in their opening basketball game, as well as their first conference game of the 1939-40 season, had two opponents to play. These were Niles high school's highly touted basket snipers, and it was more the latter opponent that got them than the former.

Arlington almost matched the crack Niles quintet point for point until near the end of the third quarter when the Cards completely collapsed for a few minutes. In no time at all these alert Niles lads swarmed all over the hapless Arlington five and buried them in a blizzard of baskets. Subsequent to that time, off and on, they raced on to a commanding lead, winning as they pleased 47-26.

The score is no indication of the desperate attempts of the Cardinals to stay in the game. Plainly showing the effects of their too brief training season as against a prolonged pre-season practice schedule by Niles, the Cardinals courageously tried to stay in the game. However, they were unable to match the sniping of Baumann, Boyk and the red headed Williams.

These three lads accounted for 36 of the Niles 47 points. Williams elongated center, tallied up 16 of these and late in the game kept the score board hot as he consistently was in for mean share in the scoring in for no mean share in the scoring with five baskets and two free throws.

Bubblitz started the game at forward for Arlington, but was in only a few minutes before he went out with a bruised knee. The rest of the starting five, Mueller, Kehe, Schulenberg and Koenig, with Henken in for Bubblitz, stayed right on the heels of Niles five for a quarter. Beginning to show distress, the signals they were replaced by Peters, Thoman, Miller and Hull with Henken staying in. These carried on adequately up to the end of the half which ended 14-12, Niles.

The starting five went back in to the game, minus Bubblitz, but could only stick it out about four minutes. It was when the Niles five, actually started and before long, it was all over.

Niles almost completely lived up to the pre-season predictions of a great season for them. Arlington, too, showed unusual strength and may fool some of the critics before the season is very old.

and leading scorer, lost to the team indefinitely with a kidney infection resulting from a football injury. Koch led the team in victories over Northbrook and Warren, but was not present when his teammates recently to Warren and Hebron lost. He may be able to return to the team in a couple of weeks.

Play National Champs
The famous colored New York Renaissance team which gave such an outstanding exhibition of basketball in Arlington last winter, will again appear on the local Smith-Dawson schedule. The date is Monday, December 18, at the new Arlington Heights high school gym. The Rens will no doubt appear be one of the outstanding traveling teams in the United States. A preliminary game between the Arlington girls and Highwood will make the evening's card a double attraction.

Arlington Lights Also Succumb To Niles Juniors

In the preliminary game of the evening the Niles junior varsity won from Arlington's green-shirted lightweights by a score of 28 to 20. Much smoother in ball-handling and more advanced in team play than the losers, Niles put on a first-quarter blitzkrieg which netted them an 18 to 4 lead. Jarrett scored half of those points, after which he relaxed for the evening.

Arlington, using fourteen players in a driving bid to get back in the game, narrowed the lead to four points at one time, but failed to make the grade. Becker scored five points before leaving the game on personals. Heinze and Morici got two baskets each.

Niles committed eighteen personal fouls, but Arlington cashed only four free throws out of nineteen. Niles hit six of sixteen on Arlington's thirteen personals. Each team shot approximately twenty-three percent from the field.

Barrington Lightweights Amass 27 Points During 2nd Half Against Ela

Barrington won a double victory over Ela Friday night by scores of 38-25 in the heavyweight game and 38-14 in the lightweight preliminary. The lightweight game was won in the second half when the Ponies ran up 27 points after holding a 7-3 advantage at the intermission. The Broncho heavies had a 19-14 lead at half time but ran the lead to 31-16 in the third period.

For Barrington the principal scorers were Jones 10, Miller 8, Grueling 7, and Etters 6. Glenn Knigge of Ela scored 16 of his team's 25 points. Thirty-three fouls were called with 17 on Barrington and 16 on Ela in the heavyweight game.

Predictions Meet No Mishaps As Cage Season Opens

The Northeast conference season got underway last week with all the results running true to form. Leyden took a double bill at Warren and Libertyville nosed out Woodstock's regulars but lost to their lights in games played Tuesday. Arlington dropped a pair to the powerful Niles crew on Friday while the Crystal Lake double victory at Lake Forest was delayed until Saturday.

Libertyville 26, Woodstock 23.
The Wildcats came from behind in the final period to beat Larry Dale's Blue and White quintet 26-23. It was the third straight victory for Bergstrom's lanky five who they had Maine and Batavia in two previous encounters. It was a game between two very tall teams and was close all the way. Libertyville led during the first half which ended 14-12, but Woodstock rallied for a 17-15 third quarter advantage. Woodstock lights took a 28-18 decision over Libertyville's Kittens.

Crystal Lake 44, Lake Forest 20
Boasting a veteran five of real sharpshooters Crystal Lake swamped the Scouts in the second half to cop a 44-20 victory at Lake Forest Saturday. The Lakers were off to a slow start due to a grueling 46-36 game with Dundee the night before. However in the second period class began to tell and the Lakers led by Etling and Rockenback, gained a 23-14 lead. In the third period they ran this advantage to 36-17 and played the final period with reserves. Etling with 15 points topped the scorers for Crystal Lake and with Rockenback, formed an outstanding dual combination. Lindenmeyer was Lake Forest's standout. Crystal Lake also beat a good Scout lightweight team 23-14. It was the first lightweight defeat for Lake Forest in the last 16 games.

Pirates Fall To Tall Alumni Mates 18-16

Palatine Homecoming Draws Crowd of 600 To Feature Game

The Palatine Alumni demonstrated the advantage of height in basketball Friday night as they trimmed the high school five 18-16 in a game which was closely contested all the way. However, it is the Pirates' shot record which tells most of the story for the school team made but five out of 54 attempts from the field. Hahnfeldt, Snyder, and Hollinger, Palatine's leading scorers collected but one field goal among them. It was Fink who scored the other four baskets and in general played an outstanding game.

The Pirates were ahead 9-7 at the half, but scored only one basket in the last 16 minutes of the game. The team was far below the form of previous games in passing as well as shooting. Cliff Haemker was the scoring star of the game, getting 11 points for the victors. Benzow's six feet four inches and Haemker's and Nangle's six feet three inches in height was a terrific obstacle to the Pirates in getting close-in shots and the big boys good ball handling and defense stopped their usual fast break tactics. The Alumni averaged six foot one and one half inches in height and were a better team than that which beat the high school 29-11 last year.

The event Friday was Homecoming and a big turnout saw the feature game and danced to the music of a popular Arlington Heights orchestra. The band marched and spelled out a welcome to the Alumni between halves. It was estimated that the crowd numbered in the neighborhood of 600.

Pirates, Bensenville Play in NW Opener

Old Rivals Clash On Bison Court Friday

Friday night a pair of old rivals inaugurate the 1939-40 cage season in the Northwest Conference when Palatine invades Bensenville. The Bisons recent overtime decision over Ela indicates that they will be the toughest kind of opposition for the Pirates. In fact the conference teams appear so evenly matched this year that anything can happen.

Coach Kirby's regulars will be led by Baumgartner, a veteran guard of three years experience, and will depend upon a group of fast, sharpshooting boys from last year's lights to provide the scoring punch. Lindenmeyer appears to be the best scoring bet for the Bisons. The Bensenville lightweight team is coming along in good style and the preliminary game may be a very close battle. Palatine's lights are also improving and with the confidence gained through a 34-33 practice victory over Libertyville Tuesday, may give the junior Bisons some real competition.

Lights Are Improving
Palatine's lightweight lineup will likely consist of Penkava and either Hayes or Godknecht at guards, Golden and Harris or Schwolow, at forwards and Birks at center. Birks and Golden each tallied 12 points Tuesday when Libertyville brought their lights to Palatine.

The Palatine regulars will have to show more consistent basket shooting if they hope to cut any figure in the conference race. Most any opponent could have beaten them last Friday on the basis of their shooting percentage. Tuesday in a practice scrimmage at Libertyville the Pirate squad outscored the Wildcats 63-26 in 56 minutes with both schools alternating first and second halves of the varsity squad. The Pirate regulars

Three Northwest Schools May Play Football Again

The Northwest conference coaches met at Phil Johnsons place near Northbrook Monday night for dinner and a sports discussion. A tentative football schedule was drawn up which included, in addition to Barrington, Northbrook, and Grant, the three schools which have been considering a return to the grid sport, namely, Antioch, Bensenville, and Palatine. As soon as these undecided members finish their survey and have definite action one way or the other from their boards of education the official card will be announced. It was decided to give the uncertain members two weeks time to make up their minds.

A report on spring sports brought out the fact that conference schools will engage in track, baseball, tennis, and golf this spring. Barrington, Bensenville, and Palatine will be the only ones having track. Barrington, Ela, Antioch, Grant, and Northbrook will play baseball.

Members present were Clark of Barrington, Johnson and Kirby of Bensenville, Mackey and Watson of Northbrook, Werhan of Grant, Herrmann of Wauconda, Wipert and McElroy of Palatine, and Vonic of the Lowe and Campbell Sporting Goods Company.
